The Hants and Dorset Gardening philosophy is simple: provide a **professional, affordable and reliable** service to our clients.

Since our founding in 2004, we have developed a team of experienced and highly qualified gardeners. Our policy is to constantly keep our staff up to date with industry standards, and to ensure that every job is carried out by professionally trained and qualified experts. Our teams are reliable, friendly people, all of whom are committed to delivering every aspect of our customers' requirements.

Building Client Relationships

Our commitment to perfection has created a remarkable 95% client retention rate. Many of our customers have been with us since our early days.

We Provide Consistent Visits

We are able to fit around client schedules, working on days and times to suit you. Our strong retention rate reflects both our can-do philosophy and our constant efforts to improve in all our areas of operation.

Our team are supplied with the latest high-spec equipment, that is well maintained, allowing us to complete all jobs to the highest of customer expectations

Environmental

We take our environmental responsibility seriously. 100% of our green waste is recycled, and we do our utmost to recycle all other waste when this is possible. When using chemicals, we operate with ultra low volume sprayers which help to minimise the amount of chemical usage. All chemicals we use are kept and manoeuvred in spillproof containers to eliminate dangerous leaks. In addition, we do our best to optimise

all procedures to save wastage in time, materials and money. To do so, we operate using our mobile scheduling system, which includes GPS and quality monitoring. As well as saving on paper, fuel and time, this system allows us to handle customer requests quickly and efficiently. Finally, we always try to advise on the best planting and maintenance programs to help protect and encourage wildlife.

“Hants and Dorset Gardening Services have been my go-to company for over a decade and we cannot recommend their services highly enough.

They are able to cater for all of our needs and requirements and always to an exceptionally high standard. The team work hard, completing projects including annual hedge cutting, clearing overgrown allotments and grounds maintenance, to transforming the high street with beautiful hanging baskets and spraying the entire borough, a large job done without error.

Not only is their work completed to the highest of standards, but Jody and his staff are polite and courteous people who we have enjoyed working with. Their extensive knowledge about what they do is remarkable and their hard work is outstanding.”
